

Morning Drop-Off Program

Morning Drop-Off will begin on Wednesday, October 3. This program is available to all AM classes, except Two's. An adult (Teacher assistant/parent volunteer) will come to your car in the **Circle Driveway between 8:45 and 8:55 A.M.**

Pull your car into the driveway (from Castle Shannon Blvd.) as far as possible. Please make sure that your child is ready to be dropped off when you enter the circle driveway. If children have to crawl around the car to find belongings before exiting, the other cars tend to back up into the street and it becomes a safety issue. The attending adult will open your child's door and help them out.

Please remind the staff or the parent volunteer of your child's name and class. When the adult and your child are safely away from the car, pull out of the driveway onto Washington Road.

If you arrive after 8:55, you will need to walk your child to the classroom

Thank You,
Michele
